

MEMORANDUM FOR: Deputy Director of Central  
Intelligence

A Briefing Note for the Director and a response  
to Gen. Carroll for the Director's signature are  
attached.

The memorandum for Gen. Carroll presumes a prior  
call to Tom Hughes to clear the proposal with  
State. For reasons given in the Briefing Note,  
I believe that ~~judging from~~ this should be  
sufficient to move to this next step in the  
order of progression regarding the joint study  
and its application to the West's assessment of  
Soviet ground forces.

If I can be of any further help, please call me.
